

DADS AT DINNER

City Council and Others The
Guests of the Fire De-
partment.

The annual dinner given by the Fire department to the council was held last night. Besides the council, the outgoing councilmen and a few others were present, covers being laid for 40 or 50. After the meal was over, there were a number of impromptu speeches made by the guests, Mayor Meacham acting as toastmaster.

The menu as usual embraced everything from turkey to oysters and from birds to possum, with all kinds of cakes and other good things to follow these up with.

Chief E. H. Hester was the master of ceremonies and the firemen assisted in doing the honors. The table was spread in the assembly room in the department shortly after eight o'clock.

George Harlow, son of Mrs. B. W. Harlow, while out hunting killed a peculiarly marked bird, supposed to be an owl. The breast feathers are the color of a quail, its feet resemble those of a hawk, but its head looks like that of an owl. The feathers near the body are snow white.

Kiss of Death.

Brighten, Mich., Dec. 7.—Several days ago Mr. and Mrs. James Avis, their two sons and two daughters, knelt by the bedside of their son and brother, James, Jr., and kissed him a last goodbye. A post mortem proved that the youth died of rabies, and today the family of six are patients at an Ann Arbor institute. Their condition has not been ascertained.

The attending physician is also at the institution. While removing the brain of the victim, shortly after the latter's death, the doctor cut one of his own fingers.

Louisville, Ky., Dec. 8.—According to reports published here Percy Haly may be put forward for Congress by the Anti Cantrill Democrats of the Seventh District. WOMEN VOTERS.

Turned Down Prohibition In
Los Angeles.

The majority for Geo. Alexander, over Job Harriman, for Mayor of Los Angeles, is about 32,000. The entire good government ticket is elected by 25,000 and over.

Prohibition was defeated, there being 31,691 votes for it and 87,344 against.

As the count progressed statements were made by election officials that women cast nearly 75,000 ballots, or more than half the total vote. The effect of this was shown today by statements of former prominent opponents of suffrage that they had been converted.

Election board members declared that the women not only out-voted the men in nearly all the precincts but showed more aptitude in handling the ballots. They cast their votes more quickly. They did not need as much coaching and explaining as the men and they worked harder than the men for their favorite candidates.

Rev. E. B. Landis has returned from Danville, Ky., where he attended an educational conference of prominent school men of the state.

New Pumping Station.

The Clarksville Water Commission has let a contract for a new pumping station, a steel and concrete building, to the Clarendon Construction Co. of Wilmington, N. C. for \$20,198.
